Dr. Michael Clark, M. P., Will Speak Here Saturday

One of the most interesting patriotic meetings ever held in Wetaskiwin will take place in the Angus Theatre on Saturday, October 14, at 2 p.m., when Dr. Michael Clark, M. P. of Oke, and his son, recently in the armed forces, will be the principal speakers. Mr. John Blue, secretary of the North Alberta branch of the Canadian Patriotic Fund, will also address the meeting. This meeting has been arranged for by the executive of the Wetaskiwin branch of the Patriotic Fund as a preliminary to a general organization throughout the constituency for the purpose of raising \$5,000, the amount of our allotment for the present financial year of the Fund. Last year we were asked to raise \$3,000, which we succeeded in doing. At the meeting of the women of the city held the other evening it was decided to raise half the amount in the city. The other half should be easily raised throughout the country districts, and in order to make the apportionment just and equitable it is hoped there will be a large attendance from the country points to assist in allotting the various school districts the amounts they should contribute.

There may be a difference of opinion as to the way this money is to be raised but in a time like this when the very life of our nation is at stake, and when so many of our brave boys have laid down their lives for King and country we should sink all our differences and all heartily co-operate and do our little bit by contributing to the fund. What sacrifice does the giving of a few dollars amount to when we consider the sacrifices our noble soldiers are making on the battle field? The money asked as a matter of help to contribute our share in money. Let the appeal be not in vain.

He is a poor citizen, indeed, who, being asked, refuses to respond to the appeal on behalf of the Fund, and thus assure to the wives and families of our soldiers who may never see their loved ones again, a comfortable and independent livelihood.

There is no surer way to prevent conscription in this country than by meeting the requirements of the fund and thus enable married men to take our places in the trenches, who otherwise would have to stay home and provide for their families.

In another column will be found a list of rural subscribers throughout the rural district, together with the amount and in by each to October 1. This list should easily be four times as long. With your help it will be next year. Make it a point to attend the meeting.

Women's Relief Corps

The regular meeting of the Women's Relief Corps will be held in their rooms on Wednesday of next week from 3.30 to 5 p.m.

The Corps are spending this week a box containing 12 two p.s. of soap, to be utilized as Xmas stockings for the Canadians in hospital.

The vote on church union was taken in the Methodist and Presbyterian churches on Sunday, and proved very satisfactory. The vote of the Methodist congregation was unanimous, while four voted against it in the Presbyterian church. It is now up to the people themselves to act on their part, and the evidence that there will be no friction in carrying out the further arrangements.—Ponoka Herald.

Surf Camp, Oct. 3.—As the men are now rapidly returning from harvest through the lines of the 14th Edmonton Highlanders are assuming an aspect of great activity in view of their imminent departure for overseas. In spite of poor weather the men are preparing for the final inspection by General Craik on Thursday next with the same cheerfulness which has been the mark of this battalion all through their summer training.

THANKSGIVING DAY

Monday, October 9, has been a protracted day for Thanksgiving, giving throughout Canada, and it will be observed as such in Wetaskiwin, all places of business being closed that day.

Town Topics

Mrs. Nunnery, of Ponoka, spent the week-end with friends in the city.

Mr. and Mrs. R. D. Campbell of Ponoka, left for Calgary on Tuesday, where they expect to spend the winter.

Mr. and Mrs. A. G. Cox, Naves, Ont., were visitors at Mrs. Wm. McCallum's for a week while on their honeymoon trip.

Miss Smith, formerly of the Alexandra school teaching staff, now of Edmonton, spent the week-end in the city visiting at the home of Mr. and Mrs. A. C. Crosby.

The Royal Great Welsh Male Singers will give one of their excellent concerts in Wetaskiwin on Thursday evening, December 14, under the auspices of the I.O.O.F.

J. K. Brennan, of the Wetaskiwin Undertaking Company, who has arrived with the 14th Highlanders, was presented with a wrist watch by a number of his friends before his departure on Monday evening.

Mr. Brennan has secured the assistance of Mr. Smith, of Ponoka, who will conduct funeral and the embalming for the first during his absence. Mr. Elmer Campbell, the former proprietor, will be in charge and look after the interests of the firm.

The Hospital Aid Society wish to announce that they will have a series of Food sales beginning on Saturday afternoon, October 14, and the first succeeding Saturday afterwards. The first sale is to be held at the Star Store. A special appeal is being made to the women of the city and district to co-operate, and donate to the sales each Saturday. There is an urgent need of funds for the Hospital Aid, as there are many necessary articles required for the comfort of the patients, and every woman bear this in mind and do her share to make the sales a success.

Do It Before Winter

Paint your house, repair the leaks in the roof, put the eavestroughs in proper condition, and make any other repairs necessary. It is your castle, the place where your happiest moments are spent, and a winter of pleasure will be assured if you attend to these things now. Your wife wants you to do it, and she tells you so in a hundred ways. Perhaps you need a walk or two around the house, or leading to the front gate, or to the barn, or elsewhere. Build it. Women should not be compelled to spend five or ten minutes scraping mud off their feet every time they step out of doors, for it is an uncomfortable job in cold winter months.

Inspect your fences and make necessary repairs. It is most unpleasant to find your fingers in the mud of winter. You know it from experience.

Don't forget your stock. If there are any holes in the sides of your barn repair them. A shivering animal does not think much of its owner, neither do most people. Get busy on the roads. They need it, and you need the results of it for your own. Just how you want to feel in the house, and when you can be in an endeavor to put a load through a lot of sticks and on the long and narrow road to town and back? Wouldn't it be a good idea to have your car in good condition before you start to go to the city this winter. Make up your mind and live up to the motto: "I will hunt the check and it will give me a lot of good."

Do a lot of other things now that when winter comes on you will wish you had done in the summer time. Don't leave anything until tomorrow, for tomorrow you may be dead and then you will not get the credit of doing things that others leave undone.

If you can't stay on this earth for ever at least have a record for something behind you.

WATERSTON.—In Wetaskiwin, on the 20th ult., to Mr. and Mrs. W. Waterston, of Rochester, Alberta, a son.

Town Topics

Mrs. Pocock and children arrived safely at Carleton Place, Ont., on Saturday morning last.

Miss Waterston went to Edmonton on Monday, where she will spend some time with friends.

Sgt. Phillips, of Jasper Park, was in the city during the past week shaking hands with friends.

Pie Chandler, of the 15th Battalion, who has been home on harvest leave returned to camp on Monday morning.

Mrs. Leslie, who has been visiting at the home of Mrs. West for several days, left for home on Tuesday morning.

The season for raising chickens is reported that chickens are very scarce this year.

Miss Spencer has resigned her position in the dry goods department of the Star Store, and has returned to her home in Edmonton.

Mrs. Wm. Stansbury of Rimbey, spent a few days of this week visiting her parents, Mr. and Mrs. Jas. Lake, and other friends.

Mrs. R. N. Sharver and family are moving to Calgary in a few days, where they join Mr. Sharver, who is travelling out of that city.

Mrs. Chas. Price accompanied Mrs. L. Graham of Lethbridge, Grand Maroon of the Eastern Star, on her official visit to Lacombe on Tuesday.

The regular meeting of the Methodist Ladies Aid will be held on Thursday, October 11, at 4.15 p.m., in the Sunday school rooms of the church. Every member is requested to attend.

The draw for the gun donated by Major E. W. McKay 223rd Canadian Battalion, Battle of Vimy, will take place on Monday afternoon, October 16, at 2 p.m., at the Star Store. Ticket No. 23, held by L. L. Morgan, wins the gun.

The Y.W.C.U. meets at Knight's studio on Tuesday, October 10, at 8 o'clock sharp. The delegates report of the provincial convention will be given. All members are asked to be present.

P. P. Spencer, who has not been in good health for some time, took a turn for the worse on Tuesday morning, and at the time of going to rest is very low. The family are much concerned for his health on Wednesday.

W. C. T. U.

The fourth annual convention of the Women's Christian Temperance Union of Alberta opened its first session on Friday morning last, in the Leonard Gait, Methodist church, Red Deer, with Mrs. J. G. McKinney, the president, at her post. A large number of officers and delegates were in attendance. The meeting throughout was most enthusiastic and inspiring, and a review of the year's work was most encouraging. The report of the past year showed a decided advance along all lines of activity. Notwithstanding the financial stringency of the times, the balance on hand being much in advance of last year, after paying a pledge on 30th of the Temperance and Moral Reform League.

Some time was spent in the discussion of ways and means by which the mass of busy women might be brought to appreciate their responsibility in connection with the franchise and to prepare to intelligently meet it.

On Friday evening a banquet was provided by the ladies of Red Deer Union and in the absence of the mayor, Mr. Galbraith, editor of the Advocate, represented the city in a humorous and cordial welcome to the women of the convention.

On Saturday afternoon a Sunday school rally was held in the Presbyterian church and a pleasing program was presented. In the evening the large auditorium of the Methodist church was packed to the doors by an extensive audience who listened to Mrs. McKinney's earnest and original address on "What Do You See in Life?" illustrated by the story of Zacharias. An interesting and pleasing feature of the convention was the presentation of Dominion Life membership to Mrs. N. McKinney and Mrs. Bolyea. Sixty contestants took part in the Grand social contest, the medal awarded two young ladies of Chetopa.

In closing the convention, Mrs. McKinney expressed our hopes for the thought of the increasing magnitude of the work and their responsibilities in connection with the franchise and urged them to go forward in the assurance that "My God will supply all your needs according to His riches in glory by Christ Jesus."

The delegates from Wetaskiwin were Mrs. A. E. Hancock, Mrs. M. L. Wright and Miss L. Knight represented the "Y's."

Wetaskiwin's Honor Roll

There is no doubt but that many of the Wetaskiwin boys were in the thick of the fight recently, as the names of several of our boys appear in the casualty lists.

A telegram received last Thursday informed the relatives that Gerard H. West had been wounded in the hospital in France, and was in a hospital in France.

On Friday word was received that Nicholas Page was in the hospital suffering from a gunshot wound in the hip, received on September 16.

Early Monday morning a telegram brought the sad news that Freeman Kelly had officially been received at a hospital in France, as a result of a wound in the left leg. It is not thought that the wound is serious.

The name of Victor Horner, son of Conductor Horner, former resident here, also appeared in the casualty lists this week. He is suffering from wounds in the face and hands.

On Wednesday evening a telegram was received stating that Pte. Fred Kelly, who enlisted with the 6th Battalion, had been wounded in the left arm.

It is also reported that one of Joe Butlin's four sons is wounded.

DEATH FOLLOWS

THE CORONATION

SHOOTING AFFRAY

Coronation, Sept. 29.—Frank White-
side, M.L.A., died this evening at
6.30, after a hard battle for life,
which began when he was about down
last Sunday night by Thomas Helm-
holt. The prisoner was not placed
on trial today, as was expected but
instead was sent to Fort Saskat-
chewan. He will come up for trial
next Friday. No change has been
made in the charge laid against him
and whether or not a charge of
murder will be laid has not yet been
decided.

The police have the ante mortem
statement in their possession, with
certain letters which will figure lar-
gely in the trial sent by Mrs. Helm-
holt to Frank Whiteside when at
camp in Calgary.

The ante mortem statement is not
very long and describes the shooting
and what led up to it. On Sunday
night last, Helmholt, called up White-
side, who had come to Coronation
from Sarnes Camp, and asked him
to come to the telephone exchange,
kept by Helmholt and his wife.
Helmholt then confronted Whiteside
with certain letters sent by Mrs.
Helmholt to Whiteside, and asked
for some statement. The argument
was brief. Whiteside asserted that
the letters revealed no wrong doing.
What led directly up to the shoot-
ing has not yet been divulged. The
police giving very little information
until the case comes to trial.
Mrs. Helmholt was not present
during the shooting.

The letters which were intercepted,
while revealing no serious wrong-
doing, are described by one who has
seen them as unusual for a married
woman to send to a married man
who is not her husband.

The story told here is that Helmholt,
while handling some letters to
Sergeant Whiteside at the camp, col-
lided with him in the handwriting of his
wife, that later he succeeded in se-
curing this and other letters, which
will appear as evidence in the trial,
and which are now in the hands of
the police.

Whiteside was held in very high
regard in this riding. Mrs. White-
side and Mrs. Helmholt have been
very close friends for some consid-
erable time, and Helmholt was often
agent for Whiteside at the last el-
ection.

Whiteside was born at Ottawa in
1870. He came west in early life,
and homesteaded near Red Deer in
1894. He located in Coronation a
few years ago, and besides ranching
went into the newspaper business,
starting the Coronation Review and
Custer Advertiser. He leaves a wife
and four children.

Infants, Oct. 2.—The streets of In-
fanitola were thronged today with ri-
gors and friends of the late Sergeant
Frank Whiteside, 157th Battalion, M.
P.P. for Coronation, whose remains
were laid to rest with others of his
family in the "Infant cemetery." The

The Westerner's Thanksgiving

Tomorrow is Thanksgiving' Day, I pretty high forgot.

I set my traps tonight, and when a rabbit can be caught.
Who cares for hasty lamb, or duck, or turkey, cold, or lunch?
That roasted rabbit'll be a feast for me and all my bunch.
I'll take that time I had saved to buy a pair of gloves,
And get some cranberries for sauce, the thing that Mother loves;
I'll save for butter, with that corn I'd saved for later use,
Or, that will be a sure enough spread, not simply an excuse.

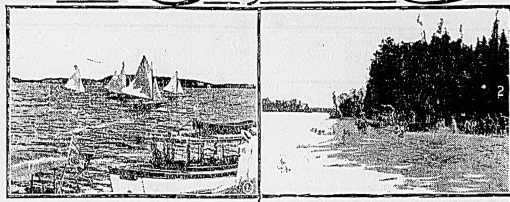

Guess I'll draw that money from the bank, it's such a bit,
To cheer somebody else will beat all hollow savin' it.
Let's see! Now there's old Mother Jones, she's poor as poor can be.
I'll send her flour and just throw in a good half pound of tea;
And Uncle Jimmy Thomas, he's not had a joy for years,
He's so poor he can't afford the salt to spice his lonely tears.
He ought to have some bacon, and some good wholesome bread,
Well, I must say my prayers, then set my traps and go to bed.

Dear Lord, for me tomorrow is the glad Thanksgiving Day;
I have so much to thank thee for, that cheers me on my way;
Why, just inside my little home, there's blessing by the score,
And in everything I do, or where I go, there are some more.

So help me to be kind, to them less lucky than I be;
The fellow that's in hard luck, Lord, just send him round to me,
I'll help him. Now accept my thanks for my Messin's, for I'm sure,
When I see how much I possess, it is so hard to be.

—H. J. Weltman.

The Lake of the Woods.

AT KENORA:—
(1) Yachting. (2) Diving and Swimming. (3) A Regatta Day.

THE Lake of the Woods, along the line of the Cana-
dian Pacific, is a fascinating link in the chain of
lakes between the boundless waters of Superior
and the golden grain of Manitoba prairie.

With nature's own loveliness as a recommendation
it stands unrivalled in the estimation of the many who
yearly visit its island-bordered waters and plunge into
the pure unadulterated delights which it affords.

Kenora, a town of growing importance in lumber-
ing, mining, fur trading and fishing, possessing a
population of 4,000, lies on the north shore of the
lake and holds the unique position of gateway to this
attractive body of water.

Kenora, whose four millling industry has made the name a household word in the Dominion, fringes
the lake three miles distant. It is a nucleus for the summer-resort which has built its artistic and attractive
"Lodge" on its splendid shore line and on the islands adjacent.

For some 50 miles this richly adorned shore studded with over ten thousand islands stretches along
the border line between the provinces of Ontario and Manitoba and the state of Minnesota.

These water gruel bits of land vary in size from a few square feet to several square miles and are not only
richly timbered with spruce, pine, birch and poplar. The northern portion of the lake covers an area of
2,500 square miles. From the middle of May until the end of October, the months are panoramas of beau-
ty to the camper, the lake voyager, the sportsman and hunter who visit this aquatic wonderland. 1,077 feet
above sea level.

A few air strokes from Kenora you can reach it in the woods or if you wish to enjoy life more leisurely
on an up-to-date cottage can be secured.

Fishing is a very popular pastime for the men, women, and children each season. In the numerous
tribbling presences are found pike, pickerel, rock bass, trout, muskellunge and sturgeon.
During the autumn months when the birds are made upon the wild duck, geese, and prairie, while
the deer and moose on the larger islands furnish an attraction of wonderful possibilities for the
carnivorous hunter.

Coney Island with a shore line of seven miles lies but a ten minute's ride from Kenora. It is the
summer residence of over three hundred people. It possesses a large natural park, a portion of which has
been fitted up as playgrounds for children. Kenora Park, a large wooded tract of land, has been set aside
for pleasure purposes. Kenora Trap Association, a game preserve, is a much frequented spot and is open not only
to Kenora residents but to the summer guests who come within her gate. Kenora Rowing Club and Ken-
nora Yacht Club are the rendezvous of many from town and the islands. Here the social side of life is
most keenly enjoyed. The weekly races on the local water races. Regattas are held at intervals during the
season. Many outside events being entered from different portions of Canada and United States, a carnival
of sports continues several days. Steamers, launches, sail boats and various craft cruise about the lake
city and for a small fee the visitor can make a trip of several hours in and out among the islands of the
lake. For a long cruise, the steamers "Kenora" and "Arctide" well-appointed and commodious, leave
Kenora twice a week for Rainy and Port Frances. The Steamer "Lathlain," a popular boat,
makes a daily trip during the season to Minnetonka, Ont. It is a delightful trip of three hours down the Win-
nipeg river, return being made in Kenora same day is sufficient time to permit the traveller to entrain for the
city or west via the Canadian Pacific Railway.

Even when the summer is gone it is a great delight to visit the Lake of the Woods district in the
Fall.

Presbytery Meeting

HOW TO DRINK MILK

A meeting of this Presbytery was
held at Ponoka on Tuesday 1st.
Eight members and two elders were
present.

Mr. A. A. G. Kipkpatrick, recently
licensed, was ordained on his ap-
pointment to Praesent.

The union of the Presbyterian and
Methodist congregations in Ponoka,
under the co-operation scheme, was
agreed to.

Mr. Samuel's resignation of Ponoka
congregation, was respectfully ac-
cepted.

The next meeting was left to the
call of the moderator and clerk.

NEIGHBORHOOD WOES

My neighbor keeps a lot of bees,
which much annoyance brings me, for
when I sit beneath the trees, they
come along and sting me. My
neighbor keeps a pup, the which I'd
like to hammer; all night it shakes
the welkin up with most disgusting
clamor; and when I try to do a bit
of ground that many howl-woy gets
a bit of its noisy voice keeping. And
still another neighbor owns
a short-horn rooster, and one may
hear his strident tones from Waboo
clear to Woondeer. And when the
pup, whose music plays, the rooster
springs a lot of noise—about a ton of
barrels. Between the rooster
and the bees, the concert dog and
cat, my mind is bagging at the
noise, far I'm going back. This
life we live would be less raw and
peace would lessen our labors, if our
congress would produce a law abolishing
all neighbors.—Walt Mason.

NEW HOMESTEADS IN B. C.

Prince George, Sept. 25.—Monday,
October 5, is the date given by the
British Columbia Government for
throwing open for settlement a cen-
tral tract of land in western
British Columbia, containing a total
of four hundred homesteads of 160
acres each. Up to the present these
lands have been reserved by the
British Columbia government, but the
progress of settlement in the recent
months has been so rapid as to make
it desirable to throw additional lands
into the market. The lands will be
open for land for settlement. Ap-
plications for the land have to be made
through the office of the British Col-
umbia government agent at Port
Fraser, where most of the land in
question is situated.

One series of townships lies along
the north side of the Nechako River,
about eight miles east of Port Fra-
ser, while the other block lies on the
west side of Stuart river near its
junction with the Nechako river. The
lands have been under reserve since
1911, and the progress of the dis-
trict has naturally justified a change
in policy at that time.

Ottawa, Sept. 29.—An order-in-coun-
cil has been passed authorizing the
holding of autumn sales of school
lands this autumn at Kamack, Big-
gar and Blaine Lake, Sask., and at
Pronost, Selkirk and Chinoak in
Alberta. The lands will be inspected
before the sales and will be offered
at such prices as will be offered
the interests of the school
lands endowment fund.

A MIRACULOUS CURE
OF
CHOLERA INFANTUM

By DR. FOWLER'S
EXTRACT OF WILD STRAWBERRY.

Cholera Infantum is one of the most
common summer complaints of infants,
and many die who could be saved if
properly treated on the first sign of
the trouble.

It begins with a profuse diarrhoea,
very often accompanied by vomiting,
and the mother ejected from the stomach
has a bilious appearance. The child
rapidly loses flesh and becomes weak and
languid.

On the first sign of cholera infantum
Dr. Fowler's Extract of Wild Strawberry
should be administered, and thus check
the diarrhoea before it becomes seri-
ous.

Dr. Fowler's has been on the market
for the past several years, and you are
not experimenting with some new and
untried remedy when you use it, but be
sure and get "Dr. Fowler's" when you
ask for it.

Mrs. B. A. Currell, Rosway, N.S.,
writes: "I can recommend Dr. Fowler's
Extract of Wild Strawberry most highly.
A friend of mine had a little daughter
who was ill with cholera infantum, and
was given up by the doctors. The little
one's mother asked me to send her a bottle
of 'Dr. Fowler's,' and asked her if she
would try it. When the bottle was sent
the child was well. This cure was a
miraculous one, for I thought the child
was dead at the time."

The genuine Dr. Fowler's Extract of
Wild Strawberry is manufactured only
by Dr. J. C. Williams Co., Limited, Toronto,
Ont. Price, 35 cents.

For the past few years, the Edmonton City Dairy have flooded their patrons with circulars, letters etc., urging upon them the necessity of producing and shipping a better quality of cream in order that a butter might be manufactured of such keeping quality that it could be put into storage and when taken out would successfully compete with the New Zealand and Australian butter in British Columbia markets in the West, and with Eastern "township" butter in the East.

For the past two seasons the Company has followed the "Payment on Grade System" as advocated by the Dairy Commissioner of Alberta, thus paying the patron who shipped a Superior Quality of Cream an extra price for his extra effort put forth to produce it. And in return the Company has been able to realize better returns for the finer quality of butter produced as the government has worked out a very successful system of Official Butter Grading in accordance with the grades of cream mentioned which has been a great factor in establishing a reputation for Alberta Butter in outside markets.

The patrons have been quick to realize the advantage of the system and hundreds of them have given close attention to cleaner and better cows, stables, separators and milking utensils. Many have provided themselves with proper cooling apparatus and practically all are cooling their cream immediately it is separated to a temperature of between forty and fifty degrees, thus preventing the growth of injurious bacteria. The majority of the patrons no longer guess at the temperature—they have purchased a thermometer and are using it.

The Edmonton City Dairy has also realized the importance of "Keeping on the Job." Men have been sent to study the individual of the different markets, and when the butter is to be sent to a certain market, it is manufactured to meet the requirements of that particular market in every respect.

Men have been sent to many of the largest butter plants in both Canada and the United States, to study their methods, systems and apparatus and no expense has been spared by this Company to adopt or install any such system that would tend to better the quality or advance the Dairy Industry in Alberta.

The past season, eight churning plants have been opened and operated at different points outside of Edmonton. All of these have been fitted with pasteurizing apparatus and the results have been very satisfactory as is proven by the more placed on the butter by the Government.

All churning are scored by the Government Official and the butter is sold to the outside markets according to their Official Score. Very little Australian and New Zealand butter has entered British Columbia this year. Alberta butter has given satisfaction and the other will not enter as long as Alberta keeps up the Quality. The Dairy Industry is increasing rapidly, however, and the next market should be Across the Water. The Edmonton City Dairy is already studying the conditions of those markets, educating its men, and equipping its various plants to meet these requirements. Knowing that the entering wedge must be Quality, this Company is uniting in its efforts to put this matter squarely before its patrons.

Encouraged by the prompt intelligent response they have received from their patrons the past few years, they have no question but that there will be a steady advance in quality of cream produced and that "Alberta Butter" will obtain a reputation which will create a ready demand for it in any market of the World to which it is directed.

THE PASSING OF THE

PRAIRIE CHICKEN

It would appear that there will be a great scarcity of prairie chicken this year. Year after year it is the same sad state of affairs last year having been the worst ever experienced, and we may well ask ourselves, "Is the prairie chicken doomed? Is the species in danger of extinction?"

You may quickly answer that there is no such danger. But is there not, and if not, how is it that each year the supply is apparently on the decrease? It has been found in the northwest States that the danger of extinction of prairie chicken is a real and menacing one, and found no by no less an authority than Dr. William T. Hornaday, the well-known game conservationist. The situation is looked upon as so serious that it is made a subject for discussion in the editorial columns of the United States press. The government is even being urged to declare a close season to preserve the species.

Those who do not ridicule the idea of departing chickens in the prairie provinces have various explanations to offer. Prolonged rains and storms and poisons are given as the main reasons, but it is common knowledge that the cause of the wiping out of the grouse is the guns. The species is being decimated by hunters.

The whole question deserves serious thought. If the chicken are wiped out, and we believe they are, for reports from the Rockies to Winnipeg would force this conviction upon us, the legislature of Alberta would do well to follow the late Sam's policy and declare a close season—Stettler Independent.

SHOW AND SALE OF

SHEEP AND SWINE

Over three hundred sheep and swine will be offered for sale at the stock pavilion on the Edmonton Exhibition grounds on Wednesday, Oct. 11 at one o'clock, at the show and sale to be conducted by the Alberta Provincial Sheep and Swine Breeders' Associations Ltd. Judging of the stock will commence at 10 a.m.

The success of the sale is now assured. Stock is being consigned by such well known breeders as follows: Oxford sheep from F. M. Haythorne, T. M. Reed and G. R. Ball, of West Salisbury; Wm. Wingrove, Stratford; Wm. Gilbert, Stony Plain; J. Oliver, New Lannon; J. Friskiers, of Poplar Lake; J. McCall, Edmonton; A. C. Scott, Beaver Lake; Ed. York, North Edmonton. Hampshire from A. B. Campbell, Edmonton. Red Yorks from North Edmonton. Shropshires from P. Suddaby, Lavozy; H. A. Calder, Edmonton South. Suffolk from J. J. Bell, Islay; W. H. Maxwell, Edmonton; H. E. Flavel, Vegreville. There will also be a shipment of Shropshire sheep, some of them imported stock, from John Miller, of Ashburn, Ont.

The swine are from J. B. Warner, Tofteld; J. Barker, Stony Plain; Wm. Gilbert, Stony Plain; L. Gleau, Tofteld; A. C. Dods, Tofteld; S. C. Swift, Viking; Wallace & McGregor, Viking; Durco Jerseys from J. Maurer, Olive; M. J. H. & Sons, Miller; J. H. Berg, Wetaskiwin; J. W. Bailey & Sons, Wetaskiwin; Jas. Munro, Beaver Lake. Poland Chinas from E. Polehampton, Clover Bar. Tamworths from Wm. Gilbert, Stony Plain; H. Marshall, Taylor, Ardrossan. Yorkshires from Beaver Securities Ltd., Edmonton; S. C. Swift, Viking; G. R. Ball, West Salisbury; Hunter Bros., West Salisbury; A. R. Gillies, Clover Bar.

The railroads are co-operating with the Association to make this first show and sale a success, and have granted a rate of fare-and-a-third for the round trip, tickets good October 9-10, and returning 11-12, from any point in the Province of Alberta. The purchased associations are doing much to assist this sale by paying one-half the freight or express charges on all animals purchased at this sale and shipped to points in Alberta, and in the case of stock shipped outside the province, will pay the freight to the boundary.

Elsewhere in our columns will be found the official announcement of this sale.

MILBURN'S

HEART AND NERVE PILLS CURED Salvation Army Captain.

Capt. Wm. E. Sanford (Salvation Army), 2000, Toronto, Ont., writes: "A short time ago I suffered from heart trouble, which seemed to come on me suddenly. I was so weak that at times it seemed as if it was all I could do to breathe. I noticed an advertisement for Milburn's Heart and Nerve Pills, and decided to give them a trial. After taking two or three days' treatment I felt fine, and my heart has not bothered me since. If this testimony would be of any service to others you are at liberty to use it."

"To all who suffer from any form of heart trouble Milburn's Heart and Nerve Pills are the prompt and permanent relief. They strengthen and invigorate the action of the heart, and tone up the whole system."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25. For sale at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CANADIANS IN THE THICK OF FIGHTING

Cable dispatches from London and casualty lists during the last few days leaves no room for doubt that the Canadian division in France is in the thick of the fighting.

For many months the Canadians were given a post of danger and honor in the great Ypres salient; there they proved themselves adepts in defensive warfare that called for tenacity as well as endurance—warfare that showed that the troops sent from this country to take part in the war were the equal of any in the world.

During the long days of watching and waiting on the Ypres salient the Canadians wished again that the word would be given which would let them take the offensive and have a go at the enemy. At last they have been given a chance, and they are now taking part with their British comrades in the offensive which is being pushed with such vigor in an angle between the Ancre and the Somme.

Reports already received show that the Canadians have played no inconsiderable part in the successes of the last day or two, they have apparently made good in attack as well as in defence. That the cost has not been small is shown by the casualty lists which have been growing longer day by day, and Canadians must be prepared to see heavy losses just as long as the offensive goes on and our men are in it.

In Canada have little real grasp of what the war means except at times when casualties roll in hourly. When the Canadian divisions are having a quiet time and the rats from day to day are comparatively light, we almost seem to forget all about the great struggle that is going on over there, our daily life is so little affected by it. But at present we are being given another reminder, and keep along we have been in following the fortunes of the contending armies along the Somme rivers, we will be even more so now that we know that our own kith and kin are in the thick of it.

"SAFETY FIRST"

WITH FIREARMS

Each year the shooting season records a long list of accidents due to carelessness of hunter. In the forest and in the use of firearms.

A gun going off accidentally and killing the owner, climbing fences with the gun loaded and cocked, or shooting at a companion in mistake for an animal are everyday occurrences. With the knowledge of the danger of handling firearms, it is surely incumbent upon hunters to exercise every precaution and keep constantly before them the motto "safety first."

NEW PEACE RIVER PAMPHLET

The department of the interior at Ottawa has just issued through its railways lands branch—a very comprehensive pamphlet dealing with the new Mecca of the landseeker, the Peace River Country.

While a few pioneer settlers have from time to time penetrated this portion of Northern Canada, it has only been within the past few years that it has been generally known. To regard the great Peace River Valley as within the reach of the homeseeker. The almost insurmountable difficulty in taking in supplies and a man's machinery, and the responsibility of difficult task of marketing the crop rendered this fertile area of Canada hitherto a veritable "terra incognita."

White—as has been said—but few have explored this district, many will be surprised to learn that so long ago as 1876, grain from the Peace River captured the trophy in competition with the world at the Centennial Exposition in Philadelphia. This publication details all the subjects which naturally suggest themselves to the average enquirer. Under the headings of Agriculture, Timber, Minerals, Game and Transportation the pamphlet gives a mass of information. Climate and rainfall are also treated of. Numerous extracts from the reports of well known explorers and scientists who have

Gin Pills

FOR THE KIDNEYS

From all parts of the world we receive words of praise for Gin Pills as the great remedy for kidney troubles. The following is from Jamaica where Gin Pills enjoy a very large sale.

"I was a clerk in a store in Jamaica but had to give up my position on account of kidney trouble. I purchased a box of Gin Pills from a local druggist and before it was all finished I was entirely better and able to return to my work. I recommended them to a friend who was also in a similar condition and he tried them with the same good result.

"I may tell you I tried many remedies in Jamaica before I got your Gin Pills.

Yours very truly

WHO IS RESPONSIBLE

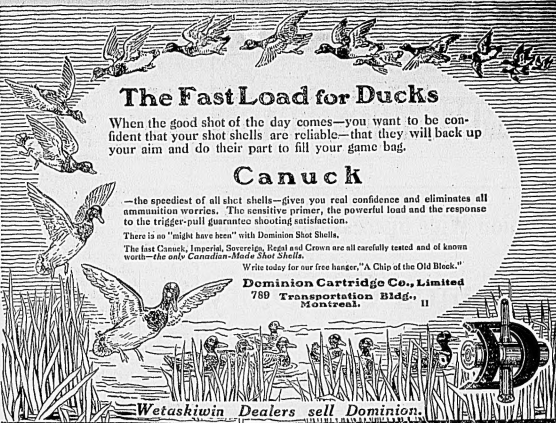

for the health of the family? The mother, of course! She is naturally particular to give her children only the purest of internal medicines, but she may not always know that a remedy applied to the skin enters the child's system, by absorption, just as surely as a medicine that is swallowed. This is a fact, and the mother should, therefore, use only the purest ointment obtainable.

Scientific analysis has proved Zani-Buk to be absolutely pure. The great English Chemist, Mr. W. Lascelles Scott, says: "I have made an exhaustive analysis of Zani-Buk and have no hesitation in certifying its purity and its inestimable value for skin ailments and injuries."

Although the healing powers of Zani-Buk are beyond those of other ointments, it is at the same time so refined that it agrees with the most sensitive skin—even the skin of a baby. Mothers who have once used it say they cannot do without Zani-Buk.

It is best for eczema and all skin diseases, ringworm, blood poison, eczema, ulcers, boils, pimples, piles, burns, scalds, cuts, etc. All druggists or Zani-Buk Co., Toronto, etc. box 3 for \$1.25.

Jubilee Spark Intensifier

Patented Jan. 20th, 1916. We guarantee the Jubilee Spark Intensifier to fire any spark plug with two points left on it, even if porcelain is cracked or plug is choked with carbon, soot, oil or grease.

It makes your spark always visible, night or day, and locates instantly a broken wire connection or ignition trouble or any kind.

It will give you more power, help you negotiate the hills on "high" that you never could climb that way before.

A prominent Calgary Autoist writes: "I find them of great service in making sharp grades."

A well known Ford Agent in Alberta writes: "It is a wonderful device and does all you state I am recommending them to my friends, and I shall be glad if you will send me two sets per return. I have certainly been able to make hills on 'High' which I could not make before, and the general improvement is splendid."

Will give equally as good results on Jump Spark Gas Engines Price \$1.50 each, or \$5.00 per set of four. Carriage paid.

GERMANY FROM WITHIN

Despite frantic attempts at concealment, it cannot be denied that Germany's internal problems are increasing. A few days ago in Berlin 150 Socialists were arrested for agitating against the war, and though a part of the military age, they were sent to the front to silence them. And there has been riots in Hamburg, in Saxony, and in Hanover at Wilhelmshaven. In the latter place there have been an increasing number of encounters between civilians and gendarmes. There is no doubt that this means much. So far as we know there have been no such riots in France or Italy, in England, or even a Russia. Why? It is that the Germans are in revolt. May it not be that even forty years of military dictatorship has not wholly subdued the desire for freedom and self-government? It is just possible that Germany will not stay up. If so, the Kaiser and his advisers will find the waking a most unpleasant thing for them. But the most important fact of all was the publication last week of a paper signed by former Chief of Staff Von Falkenhayn, urging the army to recognize both in ammunition and guns, as the reserves of the former had been seriously depleted, and that the war staff before by fast than they could be produced. It would easily be possible to read too much into this statement, but it does seem to imply at least that Germany has passed her maximum of production, and the superiority in guns and shells must henceforth rest in increasing measure with the Allies. If this is so, and it appears to agree with the developments of the past few months, the all thought of the war lasting six years longer or even two years longer, may be quietly dismissed. The story now is that Von Falkenhayn was dropped from the war staff because he thought the staff very plainly that the collapse of Bulgaria and Turkey was certain and imminent. The very fact that there is in Germany hot discussion as to the submarine campaign shows that Germany is getting very restless, and with lack of retreat, and Prince Rupprecht slowly moving backwards, and had a new war every year, combined with scarcity of food and high prices, it seems that Germany will have such a winter as the never faced before and will never want to see again.

CAMROSE

(From The Canadian)

November 23 next is the date on which arrears of taxes must be paid in order to prevent forfeiture of the land. This applies to property in the Town of Camrose and the Camrose School district on which there are arrears of taxes.

Born—To Mr. and Mrs. Geo. Meyers of New Norway, on September 24th, a daughter.

There is every probability that Camrose, will have an orchestra all its own, in the very near future. Arrangements are being made now by Mr. Woods of Wetaskiwin, who will be the leader.

The announcement of the marriage of Miss Caspaga Carlson, daughter of Rev. and Mrs. T. P. Carlson to Mr. Martin Albert Mulligan on Saturday, September 23, at St. Paul, Minn., was received by friends this week.

W. F. Wendt of Edmont, returned the first of the week from a visit to North Dakota and Minnesota, where his old home was. He says he is glad to be back in Alberta and that even if we did have a little frost we are lucky compared with the Western States. Mr. Wendt says they have no crops there and the people are in the blues. The money that the States in the hands of a few wealthy capitalists and the people generally are looking for very hard times when the war ends.

Archie Campton, a well known old time resident of Edmonton, who has a farm on the banks of Lake Joseph near New Sarepta siding and post office on the C.N. Canadian railway line, has gone more deeply than usual into mixed farming by adding silver foxes to his other livestock. He now has 20 foxes, half of them this morning. The young foxes were born in May and are nearly full grown.

WETASKIWIN PEOPLE GET INSTANT ACTION

It removes each surprising little matter that a few doses often result in perfect health. A short treatment helps chronic stomach trouble. T. F. Hall, druggist.

The World's Markets

Chicago, Oct. 3.—Highest prices yet in wheat were noted, as the wheat market as a result of drought damage in the Argentine. The close was firm, 2 to 2½ cent higher, with December at 158½ and May at 157½. Corn showed a net advance of 1 to 1½, and oats of 1 to 1½. Provisions showed a range varying from 35¢ decline to a rise of 2½. Although heretofore the Argentine area was confined to the provinces in the north, the central part of the country was today reported to be suffering seriously from lack of rain. Indeed, the fact seemed to be that the crop situation had become critical throughout more than half the growing region of Argentina with losses continually expanding. Under such circumstances, buying here was stimulated from the outset and despite heavy sales to realize profits the market maintained the greater part of the advances that took place. Kansas City advices telling of probable release of receipts in the south-west tended somewhat to help strengthen the bulls.

Late firmness in the wheat market here was aided more or less by an estimate from a leading expert that the total domestic crop was eight million bushels short of what the government reported a month ago. The trade virtually ignored figures which, is taken at face value, will show an increase of 12 million bushels in the world's available supply. Corn acquiesced with wheat. Oats reflected the strength of other cereals. European bids were close to the market.

MULHURST

What time did Sunday school open at Spitzinghill? Did the equinoctial gales have anything to do with it?

The Springfield pupils are beginning to practice for their Christmas program. So far they have made fair progress. The Misses Snowball are also taking part.

The district regrets to learn that two well-known families are moving back to their homelands. These are H. Meaver and L. Stevenson.

Miss B. Mulligan, who has been visiting her uncle, Mr. Geo. Mulligan, has returned to her home near Lettbridge.

Miss Ruth Mulligan went as far as Millet, and will spend a few weeks there and at Lettbridge.

The snow which fell on Sunday evening must have been a relief for those who were absent from Sunday school, although those who were there had to suffer also.

Mr. H. L. Gaves went across the lake on Thursday last to get some lumber, but the cylinder of his engine broke and he had to tow his boat home, minus the lumber.

All come to church and to Sunday school next Sunday. Please be on time for Sunday school, at two o'clock.

WATER GLEN

Come to Water Glen on Saturday, evening, October 14, and take part in the discussion of Illustration Station in connection with rural school here. Dean Howe, the department of agriculture at the University of Alberta will be present to address the meeting. No one who has rural interests at heart can afford to miss this meeting. Rural teachers and the trustees are especially requested to be present.

STOVEPIPE and CHIMNEY FIRES

With the approach of cooler weather, stoves and fireplaces will soon be put into commission. Before this is done care should be taken to see that chimneys and stovepipes are in good repair, thoroughly cleaned and rendered safe from fire. Owing to the dampness of the early summer, many stovepipes will be found rusted, which an outer coating of enamel will not expose. Examine these carefully and repair the defective parts. Fire prevention is one of the first considerations of the household.

DECLINE SUBSTITUTES

PROHIBITION THROUGHOUT THE DOMINION

The retail sale of intoxicants has been abolished throughout Ontario, Manitoba, Saskatchewan, and Alberta. Prohibition has been carried in British Columbia so that next July alcohol will be unobtainable in bars, shops or clubs anywhere between the Ottawa river and the tide waters of the Pacific. Two-thirds of the parishes in Quebec are dry, and from the eastern boundary of Quebec prohibition prevails throughout New Brunswick, Prince Edward Island and Nova Scotia to the Atlantic Coast.

The retail traffic will thus be confined to one-third of the French-Canadian province. In the next two or three years prohibition stands to have a fair trial over most of the country and at the end of that time the people can make their choice for the future. There may be some reaction after the war, The Toronto News says, but it is inclined to believe that the bar room as it has been known has disappeared never to return.

Local Branch Patriotic Fund Meeting

A convention, representative of every portion of the electoral district of Wetaskiwin, will be held in the Angus Theatre on Saturday, October 14, at two o'clock in the afternoon, in the interests of the Canadian Patriotic Fund. All subscribers to the Fund, and all those interested, are invited to be present. It is hoped that there will be a good representation from each school district, and the committee in charge are extending a special invitation to all school trustees, secretary treasurers of school districts, municipal officers, teachers and others holding positions of a like character.

The convention has been called for the purpose of considering ways and means of raising the sum of money allotted to this constituency for the coming year and to complete an effective organization to this end. Last year the sum of five thousand dollars was allotted to this electoral district, and slightly more than this amount was collected. Next year, owing to the growing demands upon the Fund, the sum of eight thousand, five hundred dollars has been allotted to the constituency, and the committee have no doubt that the sum will be easily raised.

At the convention the patriotic addresses will be given by Dr. Michael Clark, M.P., and his son, of the famous Princess Patricia's, who has just returned from the front, and by Mr. John Elie, of Edmonton, the secretary for the North Alberta branch of the Canadian Patriotic Fund. The work of the convention will be of the greatest importance for the shaping of the campaign for the coming year, and the committee hope that the attendance will be a record one.

BANDIT'S ROB ACTRESS AS SHE DRIVES AUTO

Myrtle Gonzalez, who is featured in "It Happened in Honolulu" which comes to the Bijou on Wednesday next, had a terrifying experience recently with two hold-up men.

The highwayman boarded her automobile while she was waiting for a relative on a shopping trip, and forced her to drive about the city for two hours. She was finally ordered out of her automobile in a lonely part of the city, and the bandits drove away in the stolen car.

After wandering about for a while she went to the house of E. A. Doran who summoned the police. The men managed to steal Miss Gonzalez's purse containing fifteen dollars, a diamond ring, a necklace, and a diamond stick pin. As yet none of the stolen property has been recovered.

School Notes

On account of the uncertainty of weather conditions, and the mud, that will hardly dry by Friday, the annual athletic sports of the Wetaskiwin schools have been postponed for one week, with the hope that the day will be more suitable. Further announcement will be made next week.

The following in the Honor Roll for the month of September.

There is no report for the King Edward school, but the October report will include September.

FARMERS MAY GET FREIGHTS AT REDUCED FREIGHT RATES

Farmers who desire to utilize their surplus feed during the coming winter for fattening purposes are offered special inducements by the Canadian Pacific Railway to add to the herds by a reduction in freight rates by the company on cattle returned from Calgary, Edmonton, Winnipeg, Moose Jaw or Saskatoon to country points.

Canadian Pacific railway officials announce that the reduced rates will become effective immediately and will apply to cattle intended for breeding, finishing or feeding. This reduced rate is included as an inducement on account of the fact that this year there is an unusual amount of grain in the country that will not go to mill and farmers will find it very profitable to use this for the preparation of stock for market.

These rates apply to all stations in Manitoba, Saskatchewan and Alberta, except stations west of Canmore in Alberta, and only on cattle returned to farmers for breeding, finishing or feeding on production of signed certificates particulars of which will be furnished by the railway agent, and bearing the signature of the local secretary of the Grain Growers association and that of the provincial secretary of the same association.

WESTERN PRODUCTS WIN GOLD MEDAL

Westerners will learn with interest that a gold medal was awarded to the Canadian Pacific Railway for the excellence of its exhibit at the Quebec Exhibition a few weeks ago. The gold medal was for the collective grain display which was gathered in Western Canada, and was representative of the various grain crops of the western provinces. The daily attendance at the Quebec Exhibition ran as high as seventy-five thousand and to very great interest in the agricultural possibilities of western Canada was shown by the visitors.

It is good news when you learn that you can buy the article you need at a little less than you had thought it necessary to pay. The store ads nearly always bring you news of that sort.

Canada's second war loan has been successfully floated, most of the subscriptions coming from Canadians. The amount of the loan was one hundred million, but the subscription amount to over two hundred millions, or more than double the amount asked for.

Sergt. A. M. Dick, of the 151st Battalion, and Miss Marion Wyde, of the Experimental station staff here were quietly married at the residence of Mrs. D. C. Courlay, on Thursday afternoon last.—Lacombe Globe.

Had Pimples and Festering Sores ON HER FACE.

When the blood gets bad, boils, pimples and festering sores are sure to break out on the face and body. To get rid of them the blood should be cleansed by Purdock Blood Bitters.

Mrs. Charles Jewell, Orville, Ont., writes: "I feel it my duty to write and tell you about what Purdock's Blood Bitters has done for me. I was so pale that no color at all. I also had pimples and festering sores on my face, and my head ached nearly all the time. I had seen nothing in the paper, and saw that Purdock's Blood Bitters was good for such troubles so I tried a bottle and before I was half done I felt like a new woman. I tell all my friends about it, and advise everyone suffering from such trouble to use B.B.B."

There is only one B.B.B. That is the genuine, manufactured by The T. Milburn Co., Limited, Toronto, Ont.
